Subject: Re: 1384.004us3 - Formal Documents

Hello

In order to not waste any time, please remove me from the list of inventors for the Frame Relay over IP. As I have indicated in the past, I do not believe the Frame over IP is patentable and cannot in good conscience make any claims to that effect. That's my opinion, Cosine may wish to continue to pursue this, I would be happy to release them from any obligation to include me on a list of inventors.
